Dear Mr. Gómez: -----

With regards to your letter dated May 17<sup>th</sup> of this year, I hereby inform you, as you already know, that this Police Department has been carrying out preventive works in the importation of household goods. -----

These operations are being carried out throughout the country, specifically in the Customs of Peñas Blancas, the Customs of Paso Canoas, the Customs of Limón, the Customs of Airport Santamaría, the Main Customs, and the different Customs Warehouses. -----

I must also indicate that most irregularities, that is, misclassification, merchandise that is not included in the Customs Declaration or in the commercial invoice, at the time of picking up the merchandise by the Customs in the Warehouse. Besides, before paying taxes, there is no previous packing list to permit a better inspection on the part of Police Officers or any other official realizing the inspection. -----

These inspections have comprised important importations of household goods on the part of **GRUPO MUDANZAS MUNDIALES**, which have come in through the different customs bureaus in the country. -----

It is important to point out that when carrying out the inspections, the company you represent has excelled in complying with the controls and guidelines established by the General Customs Bureau and has passed without much delay the controls carried by the representatives of each Customs, and in this case, by Police officials. -----

An administrative file has been opened for all those companies that have failed in their declarations, manifestations, incorrect payment of taxes, or any other incongruence or irregularity, so that the corresponding Customs Bureau, or otherwise, the General Customs Bureau, may apply the laws in force. -----

With nothing further for the time being, I remain, -----

That over this property there is no legal mortgage
