What are the regulations for importing a car:

1. as toshave chozer
2. as Ole Chadash
3. as personal / privet import

For all 3 options on top please reply:

How old can the car be ? – T/C – till 4 years from the last model.

O/C – 10 years old

How much taxes should be expected to pay? – T/C (only made in USA)

107% , O/C – 50-75%

Is the taxes based on the bill of sale or on a tariff that customs has in Israel? –

Deduction of 12% for itch year from the price of the last model.

Is that based on the origin market value or the Israeli market value ?.Origin market

Is the car being off loaded at the port - yes

Dose the customer need to pick up the car from the port ? - yes

Do you deliver the car to door? – no

How long dose it take for car to be cleared? – approx. 10 days

How long is the customer “not allowed “ to sell the car in Israel for ? – 3 years

Dose the can needs to go through special modification to fit the Israeli standard if coming from the USA ? -yes

Toshav Chozer & privet import will need to issue import license .

As for HHG & PE – I will explain you over the phone .

Again please answer for the 3 statuses above,

If the customer purchase new Electronics, LCD TV , Washer Dryer

How much taxes should he expect to pay based on his status?

Do they go based on customer declaration of value or based on their own Tariff ?

If items are used for 6 month or more

How much taxes should the customer expect to pay than?

If used items are packed in original boxed (especially for LCD TV's) and the customer show receipt for purchase of 6 month or older,

how much taxes should the customer expect to pay then?
